CRAFT LYING AT OUR MARINAS

DESCRIPTION

The Maxima 720 retro is a completely new model in terms of shape and layout. This sloop is absolutely the tender hit from this moment and is, in view of its standard equipment, unique! This boat is characterized by its smooth hull with integrated cabling and integrated swimming platform, stainless steel railing, stainless steel protection strip around the bathing platform and stainless steel protection strip around the trailer eye. With motorization up to 150 hp in the bun, this can be called a wolf in sheep's clothing. Even water skiing is possible with this elegant tender. A number of practical advantages are the enclosed toilet area, many storage compartments, high backrest, fast sailing characteristics and chic steps at the rear.
