DESCRIPTION

Wendy of Windsor

A modern Aqualine wide beam designed in the popular reverse layout with only two owners from new. This vessel offers a second cabin with two berths & plenty of storage, luxurious bathroom and the master cabin is found forward and features a fixed double berth with built in cupboards and wardrobes providing ample storage on board.

Powered by an economical Iveco 4-cylinder engine.

The engine provides all the required power whilst also ensuring this is done with minimal engine noise. Central Heating is provided by a Webasto diesel heater; A solid fuel stove is located in the saloon. Hot water is supplied by a Calorifier / Immersion / Central Heating.
