DESCRIPTION

Rosie O 'Day a charming Traditional Stern Narrowboat built by Triton Boat Builders in 2001.

Designed in a forward layout, this vessel offers a master cabin with a fixed double berth located aft, a bathroom with a pump-out toilet, a U-shaped galley, and a saloon with an L shaped dinette.

Powered by a Lombardini 33hp diesel engine. Cabin heating is provided by a multi fuel stove in the saloon. Hot water is supplied by the engine calorifier. 240V and 12V electrics on board.

Blacked in April 2021, Engine serviced in October 2021, Boat safety certificate valid until June 2024.

A well maintained 4 berth Narrowboat, ideal for canal and river cruising. To arrange a viewing please call Rachel on 01932 343275.

FULL SPECIFICATIONS

MASTER CABIN

Center stern doors leads into the comfortable master cabin. A fixed double berth is located to port with storage draws underneath. Overhead storage cupboard with reading light. Additional storage / wardrobe is found aft of the berth.

BATHROOM

The shower room / heads utilise all space available. A pump out toilet is found to port, a hand basin set in a vanity unit with individual hot and cold stainless-steel taps alongside, mirror cabinet above and opposite a large shower enclosure.

GALLEY

A U-shaped galley arrangement with a surface mounted Vanette 4 burner gas hob, and an eye level built in matching grill and oven. A stainless-steel kitchen sink with draining board, 12V fridge with icebox, high and low level storage cupboards.

SALOON

The saloon is found forward and has direct access to the bow well deck. A fixed L shaped dinette can comfortably seat 4 around the table to dine. This can be converted to form a double bed, accommodating two extra berths when required. Additional storage is found beneath the seating.

CABIN HEATING / HOT WATER SYSTEM

Cabin heating is provided by a Bolton multi fuel stove on a tiled hearth in the saloon, ideal for all year-round cruising. The 64L calorifier is connected to the engine circuit providing heat for hot water when running. A 545L stainless steel domestic water tank located underneath the bow well deck.

ELECTRICS

The 240V system on board simply plugs in to the shoreline providing power to the sockets throughout the boat. When cruising a 1000W Sinergex inverter ensures you are never without power. 1x starter battery, x2 leisure batteries.
