The new dayboat offshore & sloop range being introduced by Tingdene

The perfect British-made boat for:

Leisure Fishing Sea Trailing

Hand-built in the UK by a team of highly experienced boat builders with a fibre glass hull laid manually.

## THE DAYBOAT RANGE

A new name in boatbuilding, looking to build on the traditions of the past while introducing a higher standard of craft to the inland industry. Tingdene Boat Sales have been appointed the retailing agents from all 10 of their offices.

The five Henley OS model and other planned dayboat models fill the gap in the marketplace for high end inland craft built in the UK rather than abroad.

At first glance the boat looks far more refined and modern than many of the surrounding GRP dayboat's on the river – most of which are based on designs produced abroad and imported

The five is marketed in 3 versions – this the OS powered to 60hp for coastal use, The five Henley specifically designed as an inland craft for 6 in comfort with a dayboat sloop style, with power by Petrol Outboard or E Propulsion Edrive

**OS MODEL**

five Offshore £23,246 Ex Vat - £27,589.00 Inc Vat c/w Mercury 60 HP Outboard
