NEW BOAT TO ORDER

DIMENSIONS

LOA: 9.50M | BEAM: 3.10M | MAXIMUM DRAFT: 0.8M

ACCOMMODATION

NUMBER OF CABINS: 2 | NUMBER OF HEADS: 1 | NUMBER OF DOUBLE BERTHS: 3

DESCRIPTION

The all new 300 in the latest addition to the Viking Cruisers range. A combination of impressive design and adaptable driving, this beautiful vessel can meander the river easier than ever before.

Viking show their roots of being the longest established boatbuilder in the UK and this is shown through every boat design – everything is made easy. Spacious throughout, the 300 is a perfect first-time family cruiser giving easy access to every area, made even easier with a folding screen and rear door in the stern.

The internal layout is fully adaptable to your requirements, fitting up to seven guests if required, and an extended bathing platform is perfect for everyone on-board to enjoy the sunshine. The light is also made use of in the newly designed hull windows, letting the light shine through and visibility being undisturbed.
